

DEBORAH KING, AICI CIP

"I told my daughter Reland, and her friend Olivia, they were going to a 'Manners Camp'. Poor Olivia thought I said 'Mariners Camp' for baseball and was aghast when she realized what she was in for. When I picked the girls up three hours later I was amazed! They both were bubbling with information and excitement. We went to lunch and they showed me the correct way to hold their utensils, use their napkins and push in their chairs! I'm happy to say it wasn't a flash in the pan, they continue to use what they learned. You must be the 'Mary Poppins' of manners to make two 9 year old tomboys so excited!"

~ Gretchen Tuomi, Seattle, WA

Thank you for coming and presenting your program for my 2nd and 3rd graders. I was so impressed with how much they learned about manners and social etiquette. The discussions and hands on activities were varied and perfect. In the months following I heard from many proud parents sharing stories of their children applying what they had learned. They were so thrilled and so was I!

Would you like to teach your children the skills necessary to build positive relationships for a more confident and successful future?

"The true measure of a lady, or a gentleman, is not based on what they have, but rather on who they are..."

A parent is the most important teacher in the life of a child and we are here to support your efforts. Children who are well groomed, well dressed and well mannered have more friends and are viewed more favorably by others. These are skills that were once taught at home, and then were reinforced in our schools, churches, and communities. Unfortunately, this is not typical, or common, today.

Deborah has over 30 years of experience in the etiquette and image industry. She and her outstanding team of instructors all present a warm teaching style that is based on the simplicity of kindness and respect for self, others and property.

Some of the life-forming skills that children will learn in Final Touch's fun and interactive courses include:

- **Mastering table etiquette**
- **Meeting and greeting others**
- **Civility**
- **Conversation starters**
- **Handshaking**
- **Invitations**
- **Duties of being a gracious host and guest**
- **Handling finger food**
- **Thank you notes**
- **And so much more...**
